### Finding "The One"

Dolores Lauber and her husband Randy Lincoln recently adopted a little girl—a green-eyed, 6 pound gray and white kitten, called Mimi—to be exact.

Dolores was the first to eye Mimi (formerly known as Misty) at the Pet Adoption Network center back in April.

"I walked in and zoned right in on her. She looked at me with the most beautiful eyes. I kept going back to her and couldn't get her off my mind, even after I went home," says Dolores.

As avid animal lovers, Dolores and Randy have always had pets. After the death of their beloved pet bunny in 2010 and in the midst of planning a big move, they had decided to wait before getting another furry family addition. By Spring of this year they were ready. Mimi was "the one."

Dolores had found out about PAN through one of the center's volunteers. She hadn't planned on finding a potential feline friend the day she stopped in, but destiny had other plans for her and

the small kitten in the corner display pen.

"I was struck by her nice disposition," Dolores says, "and I wanted to make getting a cat as meaningful as possible. I definitely wanted to adopt from a local shelter."

Dolores filled out an application for Mimi online through the PAN website. Within a week, the kitten had a new home in a big house with Dolores and Randy. They couldn't have been happier.

"Mimi has added so much to our lives. We take a lot of joy in her company and watching her play and explore the house!" says Dolores.

Randy agrees. "It's so nice to have a pet around. It adds that extra special touch to our home and she's really part of our family."

**Looking for a Fur-ever Friend?  
That special pet could be waiting for you now! Visit our website or stop in to our center to see who is in need of a loving home.**

### Foster Homes Needed

**Our foster homes are currently full. Because we are a no kill organization, we must find homes for the cats we presently have before we can accept any more cats. If you are interested in fostering, please call or email us.**

**We are looking for a foster home for Thunder, a black 10 month old cat who is freshly vetted, de-wormed and very affectionate! His current foster home is overloaded with intensive care pets and he would be best with a foster person who can give him a lot of attention and bring him to our center each weekend to be shown as an available pet.**
